

National Science Week 2019

CELEBRATE YOUR COMMUNITY WITH A FILM SCREENING EVENT

Film Outreach Australia provides special film screening event packages to venues and schools around Regional Australia, to help celebrate important community events throughout the year like Youth Week, NAIDOC Week and National Science Week!

Working out of Coffs Harbour, we understand regional communities and regional audiences, having founded and developed the [Screenwave International Film Festival](#).

To celebrate National Science Week, regional communities and schools are invited to host their own screenings of the inspirational documentary, [INVENTING TOMORROW](#) (PG, 89 mins), following passionate teenage innovators from around the globe, creating cutting-edge solutions to confront the world's environmental threats – a timely film given the thousands of young people across the globe impassioned by environmental challenges and opportunities for the future.

Regional communities wanting to host their own event screenings can purchase our market-ready program, complete with a marketing and publicity kit, creative tools, event ideas, screening tips and all film licensing and screening materials organised on your behalf. We provide all the tools at your finger tips to ensure a successful screening.

WHEN

Ideal for National Science Week (10 – 18 August, 2019) and Education Week screenings throughout the year

WHERE

Community and school halls, auditoriums, cinemas, theatres, or any other venue with seating capacity, projector and a screen.

COST

\$1000 (+GST) for your start-to-end NATIONAL SCIENCE WEEK screening package. For additional screenings, please enquire for pricing.

HOW

You host and promote the screening, utilising your own equipment, venue, staff, students and volunteers - and we provide all of the tools to make it a success including marketing materials, the screening format, tech tips, event ideas and film licensing.

We're here to help you bring the best films to your town and create great events for your venue in one simple kit.
