Mental Health Month

CHANGE THE CONVERSATION WITH FILM

Destigmatising the conversation around mental health is one of the key reasons the Screenwave International Film Festival launched the Nextwave youth program five years ago. The workshop and short film competition program has now blossomed to become the largest youth film development program in Regional Australia – and each year it chooses a mental health theme for all short films in its competition.

To celebrate Mental Health Month 2020, communities are invited to host their own screenings of SWIFF's Nextwave youth film program. It is a curated selection of 15 short films made by young regional Australians (90-minute session). Councils and community organisations wanting to host their own screenings can purchase our market-ready and fully licensed screening kit, complete with all the tools at your finger tips to ensure a successful screening.

WHEN

During World Mental Health Day (Oct 10) or anytime across Mental Health Month (Oct).

WHERE

In your local theatre, cinema, community hall, RSL, or any other venue with seating capacity, projector and a screen.

COST

Community rate: \$1000 (+GST) for your start-to-end Mental Health Month screening event package. This program has been subsidised by the Screenwave International Film Festival (saving \$880).

HOW

You host and promote the screening, utilising your own equipment, venues, staff, and volunteers - and we provide all of the tools to make it a success including marketing materials, the screening formats, best practices, event ideas, marketing strategies, and film licensing. We're here to help you bring the best films to your town and create great events for your community with one simple kit.
