Harmony Day

PROMOTE BELONGING THROUGH FILM

Over 45% of Australians were born overseas or have parents born overseas. Harmony Day celebrates our diversity as a nation, helping Australia become an accepting and welcoming place to live.

For Harmony Day 2020, Film Outreach is offering a start-to-end Celebrating Screening kit featuring the incredible, uplifting new documentary *INVENTING TOMORROW*. The 89-minute film chronicles young scientists working together from countries around the globe to make meaningful change for the future at the World Science Fair.

The Harmony Day 2020 screening kit includes the film selection, all public exhibition licensing, a suite of marketing tools to promote your event, and event plans and ideas to make sure your community celebration runs smoothly.

All screening kit purchases include a FREE 1-hour consultation by Screenwave International Film Festival staff on how to effectively connect your community to your screening event, funded by the Screenrights Cultural Fund.

WHEN

Saturday, March 21, 2020. Harmony Day is a national program funded by the Australian Federal Government.

WHERE

In your local theatre, cinema, community hall, RSL, or any other venue with seating capacity, projector and a screen.

COST

\$1000 (+GST) for your start-to-end Harmony Day screening event package, including everything you need to host your community film screening event. Multiple screening packages are available, including across LGA footprints.

HOW TO HOST A SCREENING

You host and promote the screening, utilising your own equipment, venues, staff, and volunteers - and we provide all of the tools to make it a success including marketing materials, the screening formats, best practices, event ideas, marketing strategies, and film licensing. We're here to help you bring the best films to your town and create great events for your community with one simple kit.
