

Science & Environment

INSPIRE YOUR COMMUNITY WITH A FILM SCREENING EVENT

To celebrate science and environment, communities are invited to host a screening of *THE BIGGEST LITTLE FARM*, an inspiring testament to the complexity of nature that follows two idealists, John and Molly Chester, on their compassionate journey to move from LA to the countryside to create a utopia of orchard trees, crops and animals of every kind – however, the land they've bought is utterly depleted of nutrients and amidst a brutal drought.

Chronicling eight years of daunting work and the triumph of the human spirit, *THE BIGGEST LITTLE FARM* is truly an inspiring and educational story for the whole family.

WHEN

- 14th-22nd of August – National Science Week
- April 22nd – Earth Day
- Plastic Free July
- March 7th – Clean Up Australia Day
- Or whenever your community celebrates science & environment!

WHERE

In your local theatre, cinema, community hall, RSL, or any other venue with seating capacity, projector and a screen.

COST

Community rate: \$1000 (+GST) for your start-to-end Science & Environment screening package.

For additional screenings, additional fees apply. Get in touch with us for more details.

HOW

You host and promote the screening, utilising your own equipment, venues, staff, and volunteers - and we provide all of the tools to make it a success including marketing materials, the screening formats, best practices, marketing strategies, and film licensing. We're here to help you bring the best films to your town and create great events for your community in one simple kit.
